**Subject: Vessel Shifting Charges Due to Bad Weather & Force Majeure incident**

There have been instances wherein port has to unberth or shift the vessel from berth to anchorage due to bad weather or Force majeure incident.

Port has decided to issue clarification on such cases and share the charge and therefore charge "50% of the pilotage charges" as the shifting charges to the vessel.

Please note that the final decision of shifting the vessel will be as per Port's discretion taking in to consideration the safety of port /vessel/crew, weather forecast etc.

The charges for vessel shifting due to bad weather will be applicable from 01<sup>st</sup> Feb 2021 and would be updated in the next revision of BPTS.

The above is for your information and for further circulation please.

For Adani Ports and SEZ Ltd.
