This is to put on record our sincere appreciation for carrying out a smooth crew change for the 18 joiners and 19 off-signers on JAPIN ARROW.

The arrival of the joiners was well coordinated, including airport pick up and transfers to the hotel. Coordination for carrying out Covid test as well as PEME was well organised and smooth.

For the off-signers, obtaining clearance in the early morning of 07th August was seamless. The Tug Boat, in spite of rough seas departed on time, thus ensuring timely disembarking of the off-signers. Hotel stay and Covid testing of off-signers, transfers to connect scheduled flights was smoothly coordinated.

On behalf of our Managing Director Capt K.S.Paintal and all the staff at

I am Anmol Alok Mathur , Third Asst. Engineer working for K - Line. Recently I had joined a vessel - Setagawa from the port of Kochi on the 11-July-2020 with J. M. Baxi as appointed agents. I was nothing but impressed seeing the professionalism of agents J. M. Baxi at Kochi, right from my pick up at the airport - to my joining to the vessel, the entire process was smooth and carried out safely.

Understanding that these are no ordinary times, with so many barriers to a successful and safe crew change, all was handled very well. The hotel staff at Kochi were courteous and kind, the hotel pick up for medical checkups were extremely prompt and punctual. We were well informed about our schedule for joining and all necessary steps were taken for a safe crew change.

I would like to specially thank Baxi Goa and Baxi Cochin for their kind cooperation and professionalism in carrying out these operations well and free of any hassle.

As you know, as much as we are demanding, we can be as grateful to partners that have served our ships and crew needs so well. It's been a very long and difficult path to the success we have achieved, by repatriating 5000+ Indian crew to their homes, in the comfort of their family environments and avoiding altogether unnecessary institutional quarantines before seeing their beloved ones.

It is important to recognize that the hard work of your teams in Mumbai and Goa, not only made this success possible, but have never give up one single moment; through difficult changes in the local and national policies, hiccups at port level with berths cancelled that were earlier confirmed, complicated approval processes to accept a berth, and many other difficulties along the way, I believe I can say it out loud: your teams have been tremendously heroic in their efforts and energy poured into this huge repatriation project. At no time, I was unable to reach your team to ask for updates, help on solving an issue or just get reassurances on the process we were all working on: days, nights, it didn't matter to the JMB team, the only important thing was the final result and goal of succeeding in this ambitious plan, through turbulent days and, let's not forget, in the middle of a pandemic that affected most of your teams also in a personal way, with red zones and lockdowns in place, that made all of the above, already complicated and ever-changing environment, a professional and personal nightmare to be in.

I haven't enough words of gratitude for you and the teams in Mumbai and Goa, who spent so many days in achieving such an important goal for our company, ships, crew and their families, so please accept this email as a recognition for all that your teams have done, we all know how difficult it was for everyone involved,

our appreciation and admiration goes unconditioned to the JMB team.

Thank you once again for a perfectly planned and executed project.
